Dear Mrs. Melgarejo

I want to thank you for allowing me to job shadow with you at Marquis Centennial on November 18. The experience wasn't what I expected but it was educational and it gave me insight on what this career is really about. It was interesting observing the behavior of the residents you take care of and the way you handled them.

I appreciated your time. My favorite part of the day was walking around the facility with the alpaca. I was surprised an alpaca was even allowed in the building and I was surprised at how happy seeing the alpaca made the residents.

Again, thank you
